Topical Review Book Company

P.O. BOX 328

ONSTED, MI 49265-0328

WEBSITE: www.topicalrbc.com • E-MAIL: sales@topicalrbc.com

PHONE: 1-800-847-0854 • FAX: 1-800-847-0851

Topical Review Book Company was founded in 1936 in Auburn, NY by former teacher and Principal Clarence L. Williams. The business has remained in the family for three generations. Currently, it is headed by Mr. Williams' Grandson. It has grown to be known as the **"THE LITTLE GREEN BOOK COMPANY"** due to the color of our review books. It is presently located in the Irish Hills of Michigan.

Browse through the catalog for individual titles or visit the Website: www.TopicalRBC.com

Feel free to contact us with any questions, comments, or concerns at: 1-800-847-0854.

We are the Publisher and Sole Vendor of all our books.

Sole Source Information found on our Website:

<https://www.topicalrbc.com/sole-vendor-letter/>

Interactive eBooks

Topical Review Book Company
is pleased to announce that all of our books
are now available in an
interactive eBook platform.

Upon purchase, you will be granted a 12-month license for the use of the individual eBook. Each eBook can be viewed on 3 separate platforms, such as a smartphone, tablet, or desktop computer. The eBooks are compatible with all major operating systems (Apple, Android, and IOS).

Topical Review Book Company has its own branded reader app. The best-in-class reader app has features such as off-line reading capabilities in the absence of internet connectivity, annotation tools, text highlight, search text, instant feedback on answers, and so much more.

As always, for every 25-student licenses purchased, a FREE copy of the Teacher license will be provided. The teacher license allows the teacher to monitor individual progress, interact with the student, and reset the student's answers. It provides analytical data such as; the average time spent on the student's eBook, what pages/assignments have been completed, and the ability to download spread sheets showing students/classrooms answers, and so much more.

JD's ALGEBRA I – Next Generation Regents Exam Review

Updated to include June and August 2025 NGLS Exams

This book has a total of 8 Regents Exams. The first 6 exams have been dissected and organized in a manner that parallels the topics taught in the state curriculum. Enabling students to identify, target, and overcome weaknesses, makes for a more sensible way to study for the Regents Exam. The last two exams, which are in the back of the book, include the June and August Regents in their original format. This will allow students to become familiar with the actual Regents Exam layout.

The book can also be used throughout the school year as the instructor teaches new material. The book is updated annually.

This book allows students to do the following: target topics that they are having difficulties with, study on their own, and verify process and procedure via video instruction.

HARD COPY – \$12.99 each (ISBN #978-1-962663-25-0) (NYC Item #please call)

eBOOK – Single License \$12.99 – (ISBN 978-1-962663-32-8)

**MOST IMPORTANTLY, EVERY
QUESTION IS LINKED TO A
SOLUTION VIDEO!**

The QR Code can be read by any I-Pad,
Cell Phone, Google Chrome book, or
virtually any technology that has a camera.
This is ideal for independent study.

EXAMPLE

What is the product of $2x + 3$ and $4x^2 - 5x + 6$?

- 1) $8x^3 - 2x^2 + 3x + 18$
- 2) $8x^3 - 2x^2 - 3x + 18$
- 3) $8x^3 + 2x^2 - 3x + 18$
- 4) $8x^3 + 2x^2 + 3x + 18$

MIDDLE SCHOOL SCIENCE

Next Generation Science Standards (NGSS)

INTERMEDIATE LEVEL SCIENCE REVIEW

This NGSS workbook provides students with the essential content information, the vocabulary, and the applicable skills needed to ensure success on the 8th grade cumulative exam. It consists of:

- 21-unit essays covering the core content
- Many explanatory caption diagrams for each unit
- Test Your Knowledge – 3 multiple choice exams are inserted after specific topics to check student's progress and understanding of these topics.
- Contains two full length exams built on "cluster test questions".
- Self-contained with space for the student's answers.

Science Intermediate Level - 3D Learning Assessments

This book will strengthen the students knowledge of important core science ideas and help to develop critical thinking skills needed to make informed decisions. It overviews the reading, writing, and laboratory skills needed for success. ***Science - Intermediate Level: 3D Learning Assessments*** will guide students through the living environment and physical setting material using the Key Ideas, Performance Indicators, and Intermediate Skills of the new NGSS. This book is designed to help with middle level assessments. The first part of it deals with "Assessing and Understanding" followed by sections of "Life Science, Earth & Space, and Physical Science". The final section, called "General Science Skills", includes practices that are used in all areas of science and engineering. All units are followed by

assessments useful to both students and teachers as a way of measuring a student's strengths and weaknesses in 3D learning. The larger workbook format helps students get the "feel" of taking the middle level assessments. Size (8.5 x 11)

HARD COPY – \$19.99 each (ISBN 978-1-939246-97-4) (NYC Item #903069180)

JD's Earth Science Regents Exam Review book has a total of 6 Regents Exams. The first 4 exams have been dissected and organized in a manner that parallels the topics taught in the state curriculum. Enabling students to identify, target, and overcome weaknesses, makes for a more sensible way to study for the Regents Exam. The last two are practice exams, which are in the back of the book. This will allow students to become familiar with the actual Regents Exam layout.

The book can also be used throughout the school year as the instructor teaches new material.

This book allows students to do the following: target topics that they are having difficulties with, study on their own, and verify process and procedure via video instruction.

Hard Copy – Only \$12.99 each – (ISBN 978-1-939246-25-7) (NYC Item #902894994)

eBOOK – Single License \$12.99 – (ISBN 978-1-939246-55-4)

EVERY QUESTION IS LINKED TO A SOLUTION VIDEO!

The QR Code can be read by any I-Pad, Cell Phone, Google Chrome book, or virtually any technology that has a camera.

Jupiter is a Jovian planet. Compared to the terrestrial planets, Jupiter has a

- (1) shorter period of revolution
- (2) shorter distance to the Sun
- (3) greater density
- (4) greater mass
